Knot Tying Instructions

Fly Fishing Nail Knot

Step 1.
Place leader line in groove of tool extending line 6 inches past tip of tool.

Step 2.
Pinch line against tool with thumb and with middle finger holding tool against thumb.

Step 3.
Pull down on tag end of line and wrap around tool 5 to 7 wraps toward thumb.

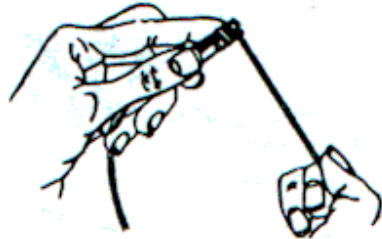

Step 4.
Place index finger on wraps holding wraps in position.

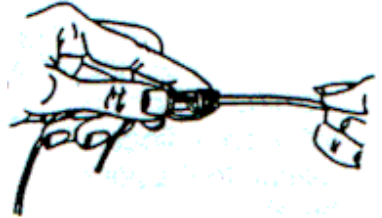

Step 5.
Thread tag end of line into groove under wraps starting at thumb and proceeding toward tip of tool.
